

# myCare-101 Survey Questions

myCare-101 survey questions are designed to determine how valuable and actionable Cellworks reports are for therapy selection

## Physician Survey

The following novel questions will be administered on the physician survey following receipt of the Cellworks report. All questions will utilize a 4-point Likert Scale (Ware et al.).

Are you currently working at an academic institution?

- Yes, No
  - If Yes, do you work for a Teaching or Non-Teaching Hospital?
    - Teaching; Non-Teaching

Please indicate your level of agreement to the following statements:

Response Options:

- Strongly Disagree
- Disagree
- Agree
- Strongly Agree

1. There was useful information in the Cellworks report beyond the information that was in the patient's next generation sequencing (NGS) report.
2. The information in the Cellworks report supported the therapeutic recommendation that I was going to make based on the patient's NGS report.
3. The information in the Cellworks report provided me with a therapeutic recommendation that I wouldn't have made based on the patient's NGS report alone.
4. I used the information in the Cellworks report to inform my therapeutic recommendation for this patient.
5. Based on the Cellworks report, I changed my mind regarding therapy selection.
6. The Cellworks report was easy to understand.
7. I received the Cellworks report in a reasonable timeframe.
8. I would use a Cellworks report again.
9. I would recommend a Cellworks report to a colleague.
10. Please provide any additional feedback you have on the report. (text field)

For Question 4, follow up questions:

- If Strongly Disagree or Disagree are selected
  - Please select why you did not use the information in the Cellworks report to make therapeutic recommendations for this patient (select all that apply):
    - I made my recommendation before receiving the Cellworks report

- I recommended an FDA approved therapy that was not included on the Cellworks report
- I recommended a clinical trial for a therapy that was not included on the Cellworks report
- The therapy on the Cellworks report was not covered by my patient's insurance
- The therapy on the Cellworks report was too expensive
- The patient had more effective therapeutic options
- There was not enough evidence supporting the Cellworks recommendations
- The patient did not require active therapy
- The patient was too sick for therapy (e.g., on hospice)
- Patient refused the therapy recommended on the Cellworks report
- I did not know the anticipated side effects of the therapy recommended on the Cellworks report
- I was confused by the information on the Cellworks report
- Other (with write-in text box)

## Patient Survey

The following novel questions will be administered on a patient survey between one to two weeks after delivery of the Singula™ and/or Ventura™ reports to physicians.

Did your physician discuss the information in the Cellworks report with you?

- Yes, No
  - If Yes, please complete the following survey.
  - If No, thank you for participating on our study. We have no further questions for you. Please let us know if you have any feedback about the study. (With write-in text box)

Thinking about when your physician discussed the information in the Cellworks report with you, please indicate your level of agreement to the following statements:

Response Options

- Strongly Disagree
  - Disagree
  - Agree
  - Strongly Agree
1. I understood why my doctor wanted to use the Cellworks report as part of my cancer care.
  2. There was useful information in my Cellworks report beyond the information that was in my cancer sequencing genomic report (e.g. Foundation, Caris, Tempus, etc.)
  3. The information in the Cellworks report was easy to understand.
  4. The information in the Cellworks report was valuable to me.
  5. The information in the Cellworks report helped me to talk with my doctor about my treatment options.
  6. The information in the Cellworks report helped my doctor and me to pick a treatment for my cancer.
  7. I think that other patients would benefit from getting a Cellworks report.
  8. Please provide any additional feedback you have on the Cellworks report. (text field)
